

MODEL

High-Throw

COLOR OPTIONS

Silver

Note: Colors may vary. No two dye lots are the exact same color.

Fabric

EkoTex is a lightweight, non-porous woven and coated polyester material. It is the most economical DuctSox fabric and features simple construction including finished seams and an inlet collar with DuctBelt and Buckle. EkoTex is machine washable and is only available in round shape with Tension Cable or Suspended H-Track Suspension. EkoTex products are available in limited diameters, suspension configurations, and air dispersion.

Application

Ideal for lightweight duty and simple designs, including industrial applications such as manufacturing, warehousing, and distribution. Other uses include greenhouses and temporary structures.
