## Fabric

Developed for food processing, Microbe-X fabric offers a lightweight and highly launderable filament fiber construction. The polyester yarns are also treated with a non-leaching antimicrobial which controls the growth and transmission of harmful bacteria, fungi, and molds that can be found in food processing environments. Microbe-X is proven to be effective after 100 wash cycles. Construction features finished seams and a heavyweight inlet collar with an integral DuctBelt and attachment loops. Microbe-X is machine washable and available with all DuctSox suspension systems.

## Application

Ideal for refrigerated/food processing environments and other applications requiring low velocity air delivery.

## Specifications

Weave: Fire Retardant Polyester, Filament/Filament Twill

Weight: 6 & 13: 6.9 oz/yd<sup>2</sup>  
29: 6.2 oz/yd<sup>2</sup>

Porosity: 6, 13, 29 CFM/ft<sup>2</sup> @ 0.5" w.g.

Treatment: Non-leaching, Permanent Antimicrobial

Codes: Classified by Underwriters Laboratories in accordance with the requirements of NFPA 90A
